

Thank you Letter From **Kathy and Michael – Wedding**

Dear Geraldine:

Michael and I were so utterly delighted by every single aspect of the catering that you did for our wedding. You thought of everything and then made it twice as special as we would ever have imagined it could be. The Friday party was such fun for everyone – even though we kept the food waiting for hours, it was delicious (mind you, after those margaritas, everything would have tasted good, no matter what).

The wedding party was simply outrageous – I loved the family style – passing the food at the table, and everyone relished the outstanding food, especially the horseradish mashed potatoes! I am glad you didn't supply the wedding cake, for it tried to kill me.

Sunday's brunch was so very imaginative and fun – and you were so kind to recycle some of the food so we could stretch it a bit further.

Now we have been slowly eating the beef wrapped asparagus, savoring the food and trying to make it last as long as possible.

We are so blessed to know you – and can't wait to have our meal together. Now I am enjoying the wonderful Grills and Salad cookbook, which was such a lovely present.

Thank you again, for everything

With much love and admiration,

Kathy and Michael
